

CUE-CARD

Describe a line that you remember from a poem or song

You should say

-What it is

-What poem is it from

-How you know about it

-How you feel about it

- Poems are considered one of the best ways to express our thoughts but some poems have deeper meaning which is not easy to understand.
- Here I would like to mention about one such line from the poem 'The Rime of Ancient Mariner' which was so thought provoking.
- When I was in class 9th, a line from this poem touched me. It was 'water, water everywhere, nor any drop to drink.'
- It indicates importance of water.
- Our teacher revealed some facts regarding water level declining day by day.
- The major reason behind this situation is ignoring the circumstances.

- We all are well aware about how water is essential for human life and it is difficult to imagine life without water. Still we do not care much about water.
- Through this line author conveyed a message that if we will not utilize water wisely soon there will be a situation that we might have plenty water in oceans but drinking water will not be available.
- After listening to the views of my teacher, I decided to save water. I discussed about this even with my parents.
- They too explained me about how to save water and how vital it is for us to save water not only for us but also for future generation.
- Lastly, I would say saving water is important and significance of line of the poem cannot be neglected.

Regards,
